Important, please read

Dear Sir/Madam

**A249 Brielle Way
Full weekend closure**

I am writing to advise you of an upcoming road closure on the A249 Trunk Road.

Works to remove the redundant level crossing on Brielle Way Road will be carried out under a full carriageway closure of the A249 Northbound and southbound between Whiteways roundabout and the A250 Bridge Road.

Due to the nature of the works required, other traffic management arrangements would not be sufficient, as it would not leave enough of a working zone for our workforce.

The A249 Brielle Way will be closed between:
**20:00hrs on 11 March 2022 and 06:00hrs on 14 March 2022 and
20:00hrs on 14 March to to 06:00hrs on 16 March 2022,**
subject to traffic/weather conditions.

A fully signed diversion route will be in place using the A250 to re-join the A249 at Queenborough for southbound traffic, and vice versa for Northbound traffic.

Residents and businesses along Brielle Way will be given access to their properties during the closure from either side of the works area. There is no through route for traffic.

I apologise for any inconvenience that these may cause. If you have any comments or questions, please do not hesitate to get in touch using the contact information above.

Yours sincerely,

Kerry Burton
Core Services Manager
For and on behalf of National Highways
