

Footway Maintenance in Your Area

Footway Surface Improvement (Reconstruction)

MANOR CLOSE, QUEENBOROUGH

When we plan to carry out the work and how long it will take:

This is to let you know that, as part of the on-going maintenance and improvement of the highway network, Kent County Council will be resurfacing all the footways in **Manor Close, Queenborough in the sections shown on the plan on the reverse.**

These footway surface improvement works are programmed to start on the **1ST September 2025** and are expected to take approximately **3 weeks** to complete. These activities will be undertaken between the hours of **07:00am and 5:00pm** each day.

If there is any change to this date, and it is not possible for us to carry it out at this time, we will arrange a new date and let you know via a letter drop to your home. We will also put-up signs along the road, before we start, showing the date we plan to start work.

What we plan to do

The footway is in a poor condition, and we plan to renew it. The areas detailed on the map overleaf, will be excavated and the existing surface including vehicle crossings will be replaced with a new black asphalt surface, new kerbing will be installed throughout. As we will be digging up the existing footway there will be some noise and dust.

Due to the parking and the narrow nature of the carriageway, for us to complete this work safely, successfully, and as quickly as possible it is unavoidable that a road closure will be utilised to complete the scheme.

We apologise in advance for the inconvenience caused during these essential maintenance works.

How you can help us

It is inevitable that residents and businesses near the works will experience some disruption. but we will try to keep this to a minimum. If you have any special access arrangements or any other urgent concerns you wish to discuss, please contact us.

We need your help to make sure the work is done as quickly as possible, and to the best possible quality. We would be grateful if parking is considerate to where works are taking place, please where possible, park away from the site whilst the works are carried out. If in doubt please do speak to the operatives on site when work is on-going.
